

## ALL EMPLOYEES ASSIGNED TO LOT 7:

### PAVEMENT REPAIR

On Monday, March 31<sup>st</sup>, Facility Management will begin work on Lot 7. Once work has started, it could take up to a week to complete.

The area highlighted in yellow below is the section where Facility Management will be working. This area is located on the north end of the lot near the second entrance off of Lane Street. (see map below)

Facility Management will need to block off this area until work is finished. Employees who park in the row located at the northwest corner of the lot will have to enter and exit off of Lane Street or Salisbury Street. Employees who park on the east side of the lot will also have to enter and exit off of Lane Street or Salisbury Street. **You will not be able to reach the east side of the lot or the row located in the northwest corner of the lot by entering from McDowell Street.**
